

Suicide: Essential Findings

Join us for this half day seminar and
work group session

Presented by: Michael Bohn, MD

Course Objectives:

1. Describe the rates of suicide in the world, US, and Wisconsin, recent trends, and risk factors
2. Describe at least one population level, one clinical and one means reduction strategy that is evidence based, and describe the relative efficacy of those strategies
3. Describe evidence based risk factors and risk reduction strategies for psychiatric inpatients and patients recently discharged from inpatient care

Target Audience is all levels of mental health professionals
