

16th Annual Highlights of ASCO

Saturday, July 22, 2023 | Gurnee, IL

This conference will introduce new therapies and information presented at the American Society of Clinical Oncology (ASCO®) Annual Meeting and will highlight the latest approaches to treating patients with cancer. Our faculty will share novel treatments and drug indications along with strategies to apply new treatments in daily practice. The ASCO® Annual Meeting is the world's largest oncology conference and features practice-changing abstracts, studies, and review lectures.

Target Audience

This conference is designed for physicians and other interested health professionals.

Objectives

- Explain the advances in clinical and translational research presented at the 2023 ASCO® Annual Meeting
- Identify emerging trends and strategies designed to improve the quality of symptom management and survivorship care
- Evaluate tools and resources in specific areas of cancer management that can be used to achieve effective cancer care delivery and improve the patient experience

Location

Great Wolf Lodge Conference Center
1700 Nations Dr | Gurnee, IL 60031
Virtual option available
