

Critical Care Journal Club 2023: Management of Alcohol Withdrawal Syndrome in the ICU

April 7th, 2023- May 1st, 2023

Patients with Alcohol Withdrawal Syndrome (AWS) are commonly encountered in the ICU. This independent study serves to keep learners up to date on the latest evidence-based practice in relation to the nurse's role in the management of patients with AWS.

Resource(s) for Questions:

Joan dela Cerna, BSN, RN, CCRN, CNRN
Melanie Martineck, BSN, RN, CCRN-CSC
Katherine Serafin, BSN, RN
Leah Trepel, BSN, RN, CCRN

CE Learning Platform Link for Article and Quiz (must pass quiz with 80%)

Objective:

- Learners will be able to identify at least one strategy to manage patients with acute alcohol withdrawal syndrome after reading the article

Target Audience:

Critical Care nurses

Disclosure: None of the planners or presenters for this educational activity have relevant financial relationships to disclose with ineligible companies.

Accreditation Statement:

In support of improving patient care, Advocate Aurora Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Credit Statement(s):

American Nurses Credentialing Center (ANCC): Advocate Aurora Health designates this (enduring) activity for a maximum of (1.2) ANCC contact hours. Nurses should claim only the credit commensurate with the extent of their participation in the activity.
